PROFESSIONAL SUMMARY

Results-driven Full Stack Java Developer with 3+ months of hands-on experience in enterprise application development and cloud technologies. Expertise in Java, Spring Boot, React.js, and AWS cloud services. Proven track record of building scalable web applications, optimizing performance, and implementing secure payment systems. Seeking to leverage technical skills and passion for innovation to contribute to high-impact projects in a growth-oriented technology organization.

TECHNICAL SKILLS

- **Programming Languages:** Java, JavaScript
- **Frontend Technologies:** React.js, HTML5, CSS3, Bootstrap, JavaScript ES6+
- **Backend Technologies:** Java SE/EE, Spring Boot, Spring MVC, Spring Security, Spring Data JPA, Hibernate, JDBC, RESTful APIs, JWT Authentication
- **Cloud & DevOps:** AWS (EC2, S3), Docker, Maven, Git, GitHub
- **Databases:** MySQL, MongoDB, SQL Server, Database Design
- **Development Tools:** IntelliJ IDEA, Eclipse, Spring Tool Suite (STS), Postman, Git, GitHub, Maven
- **Testing:** Unit Testing, Junit , API Testing
- **Methodologies:** Agile, MVC Architecture, Object-Oriented Programming (OOP)
- **Soft Skills:** Problem-Solving, Team Collaboration, Communication, Code Review, Documentation

---

PROFESSIONAL EXPERIENCE

Full-Stack Java Developer (Intern)
AIvariant, Bengaluru, Karnataka
November 2024 - February 2025

- Designed, coded, and tested RESTful APIs using Spring Boot for enterprise-grade applications, reducing response time by 20%.

- Developed responsive frontend components with React.js, integrating Stripe and Razorpay for secure payment processing.

- Implemented JWT-based authentication and Gmail OAuth with OTP, improving login security by 30%.
- Optimized database queries (MySQL,) using JPA, reducing data retrieval time by 20%.
- Collaborated with cross-functional Agile teams to deliver high-quality software solutions within sprint timelines
- Conducted code reviews and maintained technical documentation for knowledge sharing
- Gained hands-on experience with AWS cloud services including EC2, S3, and RDS through training and tutorials

EDUCATION

🎓 **Bachelor of Computer Applications (BCA)**
Shivaji University, Kolhapur, Maharashtra
Graduated **April 2024** | **GPA: 8.5/10.0**
🏆 **Dean's List (2021-2024)**

CERTIFICATION

📜 **Full Stack Java Developer Certification**
Issued by **ExcelR Institute**– Completed **2025**
- Comprehensive training in **Java, Spring Boot, React.js, RESTful API Development, and Database Management.**
- Developed multiple end-to-end projects demonstrating real-world applications

---

KEY PROJECTS

E-Commerce Website | *Spring Boot, React.js, MySQL*

- Developed full-stack e-commerce platform with user authentication, shopping cart, and payment gateway integration
- Implemented Spring Security for authentication and authorization, ensuring secure user data handling
- Created responsive UI components with modern design principles

Hospital Management System (HMS) | *Spring Boot, React.js, MySQL*

- Built patient appointment scheduling system with secure REST APIs using Spring Security and JWT authentication
- Created Admin Dashboard for appointment management and integrated payment gateway for billing
- Implemented role-based access control for different user types

Tour and Travel Management System | *JSP, Servlet, JDBC, MySQL*

- Developed booking management system with admin dashboard and payment gateway integration
- Implemented database connection pooling and query optimization for improved performance
- Created user-friendly booking interface with real-time availability checking

Quiz Application | *Spring Boot, Spring Data JPA, MySQL*

- Developed REST APIs for quiz creation, question management, and automatic result evaluation
- Implemented robust error handling and validation for enhanced user experience
- Created real-time scoring system with detailed performance analytics
